

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man. Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 12.

Norton on the Clinch.

Norton, June 8.—Splendid rains have fallen in Wise county, one last Friday morning just after daylight and was a glad awakening of many sleepers who retired the night before praying for rain. Another still heavier came Sunday morning about 11 o'clock. The ground is now thoroughly wet and everything looks good, for which let us be devoutly thankful. A protracted drought is a mighty scary thing and it will make some folks good that haven't been good for a long time.

Your correspondent regrets not being able to hear the commencement sermon delivered to the graduating class of the Norton High School by Dr. R. B. Platt, of Tazewell. Illness prevented, but we heard so many nice things spoken of the sermon that we feel justified in referring to it even at this late date. Dr. Platt was pastor of the Methodist church here three years ago, when he made many warm friends.

The Union Commercial Travelers met here on last Saturday and had quite a swell time. The auto parade from Norton to Wise and return was nearly a mile long. The banquet at the Arlington hotel was a work of art, as well as meeting the more substantial demands. Mrs. Lindsay truly is the banquet getter of the Southwest.

CONCERNING CLEAN LIVING

Modern Sanitation Is a Growing Good.

No man or woman can perform full duty to themselves or to others unless they keep themselves clean within.

An upset liver or sluggish kidneys will spoil your work and worth.

Regularly take CARSWELL'S LIVER AID and you will be a new being in this climate for it will cleanse your system as soap will cleanse your hands.

CARSWELL'S LIVER AID takes the place of calomel—takes its place excepting the AFTER effects.

It generally acts RIGHT NOW on the liver and kidneys and eliminates the poisons and accumulations.

Results—internal cleanliness and by means of a pure VEGETABLE compound.

No danger, no discomfort.

On sale at Jackson's Drug Store in 50 cents bottles. Purchase price refunded in full if you wish it. But you won't, when you try this scientific remedy.

Judge Duncan's Address.

Judge Chas. T. Duncan came up from Jonesville and delivered his interesting address to a meeting of the United Daughters of the Confederacy of Norton at their annual meeting a few nights ago. The lecture is on "What He Saw and Gathered at the Gettysburg Reunion." The judge was in charge of a brigade in that terrible struggle, and was located on the "Culp" Hill. He contrasted the experience as he stood on the very spot again with that of fifty years ago, where his brave brigade fought so valiantly. The entire battle was reviewed as were the scenes and experiences of the reunion in a highly interesting manner. The entire address was received with marked attention by a large audience which gave the speaker well merited applause. Mrs. Martin as President, distinguished herself in a brief address introducing Judge Duncan by saying many touching and beautiful things to the veterans as well as to the glorious Southland. Refreshments were served to all present free of charge, appropriate songs were sung by a quartette, such as "Tenting on the Old Camp Ground," etc.

Uneasiness Over Mrs. Werth's Illness.

Much anxiety was felt here by the entire town on last Monday when it was known that Mrs. Wm. G. Werth was critically ill, and that the physician, Dr. Robert Carr, who remained at her bedside several hours, was in serious doubt as to the result. Uremic poisoning set up suddenly, throwing Mrs. Werth into convulsions. Mrs. Werth has made many friends in Norton, and is deservedly popular as she was in Tazewell as Miss Evelyn St. Clair before her marriage.

Mrs. Wm. H. Werth and Mrs. John C. St. Clair, of Tazewell, are both with her and at this writing Dr. Carr reports her condition decidedly better.

A Dry Town and Business.

For the benefit of calamity howlers who are haunting the old scare crow in the voters faces that if the state goes dry this fall there will be a terrible business depression following.

Now, every one who knows anything about Norton at all will tell you that it is one of the liveliest business towns in the Southwest. A gentleman from a distant town standing on Park avenue a few Saturday nights since, said to the writer, "I never saw anything to beat this; why just look at the swarm of people coming and going on the street. It looks like Roanoke or Bluefield. We informed him that it was the same thing every night in the week. And yet Norton is a 'dry town', about as dry as they ever get. The drug store doesn't sell whiskey, not even on prescription. True, the bootleggers will now and then take chances of peddling out some booze, but they are getting scarcer every week. Why? Simply because we have a Mayor and chief of police who positively say they shall not, and woe to the bootlegger when he falls into Mayor Pepper's hands. There is no whipping the devil around the stump by giving a lawyer a few dollars and getting out of it with a light fine. It's straight one hundred dollars fine, no less—to the jail or the rock pile they go. They are getting mighty sick of it. One of the main arguments put forth by the liquor people and their advocates is that we will have these moonshiners, blind tigers, etc. We have them anyway. They are as thick as Florida fleas in every saloon town. This can positively be established without fear of contradiction, when Norton some years ago had saloons, we had narrow plank walks and you could hear a man coming a 100 yards ahead of you, flippy, flap, rap, every other plank a loose one. Now we have wide grailithic walks, all over the town. Then we had mud in the streets axle deep, now we have solid macadam and still building more. Then our merchants were selling goods in board sheds, now in large roomy brick stores. Then we had two or three of the best police officers shot down in the streets by drunken toughs, and among the number the brave Osborne and Hilton. Whiskey caused the death of the noble Billy Jenkins shot down in the street on his way home. Anything like that now?

We challenge comparisons. We simply give these facts, Mr. Editor, that the public may be posted on both sides for no doubt about it, the wets are flooding the state over with misleading facts and arguments calculated to mislead the voter and prejudice their minds against state wide prohibition. Temperance and prosperity go hand in hand. Intemperance and poverty are hail fellows well met, or as the wag said: "Temperance and prosperity are first cousins, while intemperance and rags are cuss cousins."

Yours for, STATE WIDE.
